ASSIGNMENT

WHEREAS, We, Timothy A. Johns of Lynnwood, Washington and Ray Sharif of Lake Forest Park, Washington; respectively, believe we, along with David Duncan of Edmonds, Washington; John Seghers of Woodinville, Washington; Greg McKay of Shoreline, Washington; and Eugene Chigirinsky of Seattle, Washington, are the original inventors of certain new and useful improvements disclosed in an application for United States Letters Patent entitled **Facilities Management System with Programmable Logic Control** filed August 29, 2003 and given application number 10/651,853.

AND WHEREAS, SYNERGIS SYSTEMS, LLC, a Nevada Limited Liability Company, with its principal place of business at 170 W. Dayton, Suite 106A, Edmonds, Washington 98020 (hereafter, together with any successors, legal representatives or assigns thereof, called "ASSIGNEE"), desires to acquire all of our right, title, and interest in and to the said improvements and the said Application;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, we, do hereby acknowledge that we have sold, assigned, transferred and set over, and do hereby sell, assign, transfer and set over, unto ASSIGNEE, the entire right, title, and interest throughout the world in, to and under the said improvements, and the said application and all divisions, renewals and continuations thereof, and all Letters Patents of the United States which may be granted thereon and all reissues, reexaminations and extensions thereof, and all rights of priority under International Agreements, Treaties and Conventions for the protection of intellectual property in its various forms in every participating country and all applications for patent which may hereafter be filed for said improvements in any country or countries foreign to the United States, and all patents (including all continuations, divisions, extensions, renewals, substitutes, and reissues thereof) which may be granted for said improvements in any country or countries foreign to the United States; and we hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and any officials of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all patents for said improvements to ASSIGNEE in accordance with the terms of this instrument.

AND WE HEREBY covenant that we have full right to convey our entire interest herein assigned, and that we have not executed, and will not execute, any agreement in conflict herewith;

AND WE HEREBY covenant and agree that we will communicate to ASSIGNEE any facts known to me respecting said improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid ASSIGNEE to obtain and enforce proper patent protection for said improvements in all countries.

In return for the benefits conferred by this Assignment, SYNERGIS SYSTEMS, LLC, hereby releases in full, and forever discharges, acquits, and holds harmless each and every Assignee, including any their past or present parent, subsidiary or otherwise affiliated corporations, partnerships, or other business enterprises, and all of its or their past or present affiliates, related entities, partners, subsidiaries, insurers, predecessors, successors, assigns, directors, officers, shareholders, attorneys, accountants, representatives, agents and employees, from any and all claims, disputes, suits, demands, causes of action, liabilities, damages, expenses and obligations of every nature, character and kind (collectively "Claims"), whether known or unknown, which may now exist or hereafter may be discovered, specifically including without limitation any and all Claims arising from or relating to services or work performed or delivered to SYNERGIS SYSTEMS, LLC by any Assignee, any contracts or agreements between any Assignee and SYNERGIS SYSTEMS, LLC, or the subject matter of this Assignment or any patents that may be granted in connection with the above-referenced patent application. In addition, SYNERGIS SYSTEMS, LLC hereby agrees to indemnify, defend and hold Assignees harmless from and against any and all claims by any third party relating to the subject matter of this Assignment or any patents that may be granted in connection with the above-referenced patent application.
